## 300 LITRE DIESEL PAN MIXER

### 300 Litre Diesel Pan Mixer

Mobile 300 litre pan mixer. Ideal for production with a two chamber mobile Hydraform block yard with no available electricity.

<b>Capacity</b>	300 Litres
<b>Power source</b>	Diesel engine
<b>Operating staff</b>	Minimum of 2 operators
<b>Weight</b>	+/- 1300kg
<b>Features</b>	Top driven with heavy duty hydraulic motor and all mounted to a trailer making the pan mixer mobile.
<b>Advantage</b>	Less labour needed to mix soil and cement, increases production rate and assists in achieving block production and block quality.
